The screenshot displays the BrioQuery-Reporting Interface with the 'Airline Reporting-Segment Parameters' window open. The window title is 'priceline.com | airline tickets'. The interface includes a menu bar (File, Edit, View, Insert, Format, EIS, Tools, Custom, Window, Help) and a toolbar with various icons. The 'Airline Reporting-Segment Parameters' window is divided into several sections:

- Select Date Range:** Month (Jan), Year (2000), and a dropdown for 'ALL'.
- Top Psgr Segments:** Radio buttons for 'Top 50', 'Top 250', 'Top 100', and 'ALL'.
- Aircraft Types:** Checkboxes for 'All Jets' and 'All Non-Jets'.
- Region Selection:** Checkboxes for 'Domestic' and 'International'.
- Market Selection:** A checkbox for 'All Markets'.
- O&D Selection:** Radio buttons for 'Origin' and 'Dest.'.
- Data Items:** Checkboxes for 'Total Passengers', 'RPMs', 'Stage Length (miles)', and 'PCLN Load Factor'.
- Airline Reporting Interface:** A 'Select Report Codes' dropdown and a 'RUN' button.

The window is set to '101003'. Below the window, there is a note: 'Entries must correspond to the selected airport/city level. Example: JFKMCO = Airport NYCORL = City'. The bottom of the interface shows a 'Sections' list with 'T100 Survey' and 'O&D Survey' selected, and a 'Query Results Table' button.
